

(OPHS) announces that it will enter into an umbrella cooperative agreement with the Latino Council on Alcohol and Tobacco (LCAT), a national organization whose mission is to combat alcohol and tobacco problems and their underlying causes in Latino communities. This cooperative agreement is an umbrella cooperative agreement and will establish the broad programmatic framework in which specific projects can be supported by various agencies during the project period.

The purpose of this cooperative agreement is to assist the LCAT in reducing the harm caused by alcohol and tobacco in the Latino community by producing and disseminating information to organizations on the use, trends and preventive measures regarding alcohol and tobacco use in the Latino community.

The OMH will provide technical assistance and oversight as necessary for the implementation, conduct, and assessment of the project activities. On an as-needed basis, OMH will assist in arranging consultation from other government agencies and non-governmental agencies.

Authorizing Legislation

This cooperative agreement is authorized under Section 1707(e)(1) of the Public Health Service Act, as amended.

Background

Assistance will be provided only to LCAT. No other applications are being solicited under this announcement. The LCAT is uniquely qualified to accomplish the objectives of this cooperative agreement because it has the following combination of factors.

- Developed a national database of experts and service providers.
- Developed a national agenda for addressing the pervasive targeting of Latino communities by alcohol and tobacco marketers.
- Has previous experience in working with minority colleges and universities in developing programs to improve education for minorities.

This cooperative agreement will be awarded for a 12-month budget period within a project period of five years. Depending upon the types of projects and availability of funds, it is anticipated that this cooperative agreement will receive approximately \$50,000 to \$100,000. Continuation awards within the project period will be

made on the basis of satisfactory progress and the availability of funds.
